GWALIOR STATE GAZETTEER.

PART IV.

PREFACE.

Part IV, containing photographs of all places of historical and archæological interest within the territory of the State forms the concluding volume of the Gazetteer.

When the work for the Imperial Gazetteer was started I suggested that it would be interesting that if a photographer could be attached to the State Gazetteer Office to take views of places of interest which has not as yet been dealt with His Highness with characteristic enterprise at once acceded to the proposition, but had it carried out on a far more extensive scale than I had intended. At the conclusion of the work, moreover, His Highness, with a view to securing a permanent record decided to reproduce the more important views in spite of the considerable expense entailed, and thus issue a fourth volume to complete the Gazetteer series.

The work of this volume was carried out after I had proceeded on leave under the direction of Rai Sahib Dwarka Nath, Gazetteer Officer.

The photographs were taken by Munshi Asghar Ali Khan, photographer and draftsman to the State Gazetteer Office, who took great pains to obtain satisfactory results.

C. E. LUARD, CAPTAIN,

Superintendent of Gazetteer in

Central India.
